

OPTICELL SOFT PRO

Up to and including Category 3

Easy to adjust according to the patient's weight

Deflates rapidly for emergency CPR use

OptiTex™ cover with innovative features

A static pressure-relieving air mattress with hygiene cover, manual pump control and interchangeable cells.

OPTICELL SOFT PRO

OptiCell Soft PRO, is an 18 cm static pressure-relieving air mattress developed as a preventive and therapeutic aid in the treatment of pressure ulcers up to and including category 3.

OptiCell Soft PRO is a replacement mattress with an integrated foam core and is placed directly on the bed base. OptiCell Soft PRO comes with a durable OptiTex™ cover and CPR valve for emergency situations.

OptiCell Soft PRO comes with an energy-efficient, low-noise pump, OC-15, which is easy to use. Filling the mattress, which is placed directly on the bed base, normally takes about 15 minutes.

FEATURES – Pump And Mattress Cells

MANUAL ADJUSTMENT according to the patient's weight, 30-250 kg.

CPR VALVE – In an emergency situation where CPR needs to be initiated, the CPR valve is opened to provide rapid air release.

ALARM FUNCTION – The pump has an alarm function with both light and sound alarms that warn of low pressure in the mattress.

HEEL RELIEF – The mattress is equipped with an air release system which enables easy deflation of individual cells by means of an integrated airlock.

FEATURES – OptiTex™ cover

INTEGRATED CABLE HOLDER – The OptiTex™ cover has an integrated, waterproof cable holder which prevents the spread of bacteria, keeps the power cord out of the way and protects the air hoses.

HYGIENIC – The OptiTex™ cover is waterproof and can be cleaned with disinfectants or machine washed at maximum 95°C.

Cells and hoses are easily removed and rinsed clean with disinfectants or with warm water at maximum 70°C.

FLUID PROTECTION FLAP AND WATERPROOF ZIP ON FOUR SIDES with welded seams.

FOUR TRANSPORTATION HANDLES enables easy moving.

Produktspecifications

STANDARD SIZES 200/210/220x80/85/90/105/120 cm.

For other sizes please contact Järven Health Care.

PRESSURE ULCER CATEGORY 1-3*

CELLS 17 replaceable cells made in soft nylon / TPU (polyurethane).

COVER OptiTex™ bi-elastic double coated textile with soft elastic PU.

PUMP OC-15. Sound level: 21 db. 230 V / 50 Hz.

An indicator lamp shows when the pump and mattress are ready to use, or if there is a fault requiring service.

WARRANTY 2 years on manufacturing defects.

FIRE SAFETY STANDARDS SS 876 00 01, EN 597-1 & 2.

USER WIGHT 30-250 kg.

RECYCLING See user manual.

WEIGHT Mattress 9 kg (200 x 90 cm), pump 2,0 kg

LABELLING Date of manufacture, EAN, care instructions, fulfilled standards and placement in bed.

The mattress, cells and air hoses are free from PVC.

* Categories defined by the International Pressure Ulcer Classification system.
Guidelines produced by the European and US National Pressure Ulcer Advisory Panels (EPUAP and NPUAP),
together with the Pan Pacific Pressure Injury Alliance (PPPIA).
